July Meeting recap – Member breeds: Meet the Dogs – Carol provided an overview of the Vizsla breed from the historical development/origin and purpose to present day breed standards.

September Meeting: The September meeting is our annual OPEN HOUSE. The program will concern the statewide organization of emergency planning for our animals in the case of a disaster. Please come support the presenter, Jennifer Johnson, and our club for prospective new members. About 20 personal invitations have been mailed to local exhibitors at our point shows this July to come meet us, hear the program, and to consider becoming a member. Please do your part by bringing anyone you think would be interested in this program and/or our club. Door prizes and refreshments will be part of the party! See you there, Carol Brown

Responsible Dog Ownership (RDO) Day: On September 22nd, we will participate in the AKC's Responsible Dog Ownership Day by providing a scaled-up version of what we've done at the mall before -- meet and greet dogs and dog owners. RDOD is essentially a public education venue for participating clubs to help dog owners and prospective dog owners understand the essentials of acquiring and caring for a dog, be it purebred competitive show and performance dogs or mixed breed and rescue canine companion dogs. Contact Steve and offer to help! We're one of only seven or eight clubs in PA to be participating. It's our first time -- and hopefully not our last -- and we've learned much about putting this together. More details at our September meeting.

Chili Cook-off is scheduled for October 6th in State College. Our club will again participate in the Cook Off. Steve and Jim will share the details at the September meeting
